

Introduction to iLearn

iLearn will be replacing the DHS Learning Center this November. To get ready for this transition, you will need to establish your account in iLearn. If you created your account prior to June 24th of this year, your iLearn account is ready and all your training records will travel with you. All you have to do is browse to <http://ilearn.oregon.gov>, enter the same login id and the temporary password **temp1234**.

If you have created a DHS Learning Center account after June 24th, you'll need to create an iLearn account.

Instructions can be found here:

<http://cwpsalem.pdx.edu/Distance/NetlinkDocs/hints.pdf>

If you have general questions on how to do this, help is available through these resources:

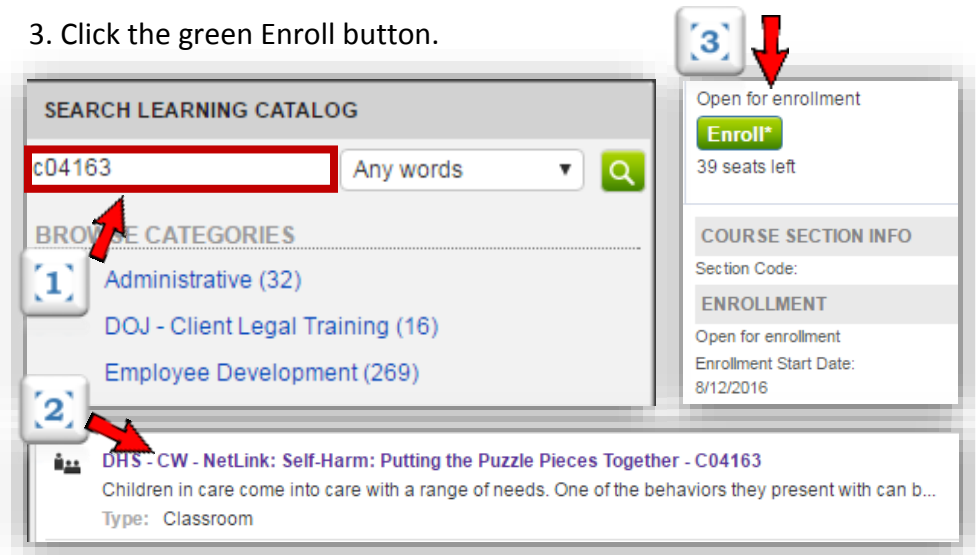

DHS iLearn help – 503.945.5623 – dhs.training@state.or.us

Child Welfare Partnership help

Jeff Baker – 503.315.4583 – baji@pdx.edu

How do I sign up for classes?

1. Type the name or Course # of the class to find it. When using the course number to search for classes, iLearn should display the exact class you're looking for.
2. Select the course you're looking for.
3. Click the green Enroll button.

After you have enrolled you will get a confirmation in green.

How do I attend a Netlink?

30 minutes before the session begins a green Open Item button will appear on the far right of your course which appears in the 'My Upcoming Learning' area of iLearn. This will direct you to the Netlink session.
